**Tom Fegely, Thomas D. Fegely : A Guide to Hunting Pennsylvania Whitetails** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Guide to Hunting Pennsylvania Whitetails:

So much has changed since Tom basically needs to re-write the book. The changes helped me see changes and trends before antler restrictions. But the book is outdated, before tree stand harnesses even. No offense to Tom, I knew what I was buying.

Well-known outdoor writer Tom Fegely provides valuable data and hunting information for each Pennsylvania County, including hunting tips and maps to hunting areas, as well as information on deer populations and deer harvest data.
