Addition to the Routes and Distances, a Description of the Springs, and Also of the Natural Curiosities of the State (Classic Reprint):

Excerpt from A Guide to the Virginia Springs: Giving, in Addition to the Routes and Distances, a Description of the Springs, and Also of the Natural Curiosities of the State So frequent has been the demand for some Guide to the Virginia Springs, of portable dimensions, and nothing of the kind having as yet appeared, we have been induced to compile the following little work, hoping to meet, in some measure, the wants of visitors to these Watering-places. In giving the various routes, we have endeavoured to describe the Springs, and also the Natural Curiosities, as we proceed. Other matter than that for which we are indebted to the proprietors of the springs, has been gathered from various publications.
