Love this book By Barbi Marshall Love this book, really goes behind the scenes and gives you an in depth look at some of Walt Disney World's attractions! 0 of 0 people found the following review helpful. I liked the first volume better but the Spaceship earth chapter was worth it! By fernando I recommend this to any Disney fan who likes to know the back story of theme park attractions and wants to immerse

themselves a little bit more into this magical world that Walt Disney has created for us. Definitely will make you appreciate the attractions described in this book a whole lot more on your next Disney visit. 0 of 0 people found the following review helpful. Five Stars By mykeenjoyed it

Deep Dive into Disney History The Imagineers are no slouches when it comes to history. Many of the attractions and shows they create are steeped in it. But the history is hidden. In this second of Andrew Kiste's best-selling "tours", you'll dig deeply into the back stories of five Walt Disney World favorites. Have you ever wondered who's the Casey in Casey's Corner? Why its baseball theme, as well as the circus theme of Storybook Circus, are such powerful symbols in American culture? How the many scenes in Spaceship Earth deliver a surprisingly rich, detailed timeline of civilization to astute guests - but only if you first know what the Imagineers knew when they created it? You'll learn all that and more on your historical tour of: Spaceship Earth: Earn an honorary degree in world history as you absorb, in depth, the historical background of each scene in Epcot's centerpiece attraction. Country Bear Jamboree: Trace the lineage of these singin' bears back to Walt's plans for his never-built Mineral King Resort. Casey's Corner: Learn the story of baseball over hot dogs in this Magic Kingdom restaurant where it's always the bottom of the ninth. Sunset Ranch Market: Brush up on World War II at Hollywood Studios' open-air food court. Storybook Circus: Take in the history of the American circus and how this new area of Fantasyland puts you squarely under the big top. ITS THE HAPPIEST HISTORY CLASS ON EARTH!
