**Deirdre A Sargent : A Humorous, Irreverent Guide Through Disneyland** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Humorous, Irreverent Guide Through Disneyland:

And frankly, titles that do a better job. You may be saying, but this is humorous! i found the humor to be written at a child's level and really...Nit so funny. Nice cover art though!.0 of 0 people found the following review helpful. Good but Could Be BetterBy Crystal in Californial enjoyed the tidbits

of new information and especially the restaurant reviews, but I was distracted by several typos. The book isn't riddled with them, but there are enough that it gave the book an amateurish vibe. The Kindle price wasn't bad, but had I paid the paperback price, I would be a bit irritated by the short length and the typos. I would love to see this revamped with deeper insights and more humor. Perhaps Sargent could include more anecdotes or fun things to look for on the rides. 2 of 2 people found the following review helpful. Great book for any Disney park fan By Disneynut This was a great, fun book! It may not be the ideal guide for someone who has never been to any Disney park, but for those who have and are looking for a supplemental guide or some fun tips and insights, this is the perfect guide. It is fun, lighthearted, and yes, a little bit irreverent. I loved it and put it on my phone as well, so I can refer to the tips when I am in the parks.

Do you love Disneyland? Love The Mouse but don't take yourself too seriously? Well then, this is your book! I'll give you my straight talking reviews with a dose of my irreverent adult sense of humor. I'll share with you reviews of rides, attractions and dining, as well as tips, tricks and little known facts about Walt's folly, obsession and greatest gift to the world. Welcome to Disneyland - The Happiest Place On Earth. Dive right in to the fun including the NEW Fantasy Faire. This Park was Ealt's passion and it is special. This is the only park that Walt actually walked in. Im here to help you have fun, with my special brand of adult humor. Granted, just because I love the Parks does not mean everything is hearts and flowers. If I think a ride is a waste of your valuable time, Ill tell you. Ill give you my opinion of a rides suitability for children and adults. Just because I like or dislike something does not mean you will have the same experience, although I do believe I have very good taste. You have been warned. Honestly, my goal is for you to have a laugh, a great vacation and face it, if you are going to the Disneyland Resort - you need a plan in advance. New for 2014 - a FREE downloadable content (DLC) copy of my new humor travel novella "The Mouse Ate My Money - Vol 1". The code is in the back of each paperback guidebook for a free e copy.
