an interesting and excellent guide to Bloodline locations. The explanations of where they were seen and stories behind the locations (as well as the actors) make it, in reality, a great tourist guide for the Upper Keys. Everything is done in a positive manner and readers are asked to respect places that are private property. Another slam dunk for David Sloan. 1 of 1 people found the following review helpful. Must have book if you are a fan of Bloodline

Purchased paperback of Bloodline. Love the series and it is even more awesome that boyfriend played an extra in season 3, episode 6. Lived in Key West for 2 years and love knowing the places mentioned and recognizing the area in the book. The book also mentioned areas that I would not have known about in the upper keys, but know about because of this book

Interesting to see how the producers managed to change some of the places in the Keys to the point they are unrecognizable. For those who are familiar with the Keys you'll find this book interesting. It would have been helpful if they noted the actual episode the location appeared in.

Visit 50 film locations in the Florida Keys made famous by the Netflix series Bloodline with this tour book and location guide. Locations include the bloodline bus stop, The Rayburn House, Danny's murder scene, The Rayburn Pier, Kevin's marina, The Red Reef Motel, Chelsea and Eric's house, Belle's boutique, Diana's nursery, John's campaign office, Lowrey's tackle shop, body recovery sites, Sarah's drowning location, drug drops, Rayburn drinking holes and more. This book is a great way to amp up any Florida Keys road trip and a must have for any Bloodline fan.
