A Nile Cruise Guide. Full colour interior. In this book, you'll find all the information I wish I had known about Nile

cruises before our trip in 2011. During my research before our journey, I was overwhelmed with fascinating stories about ancient Egypt and couldn't wait to jump in, but where was all the practical information specific to a cruise? Why couldn't I find everything I wanted to know all together in one place? Wouldn't it be great to find descriptions of all the monuments and an idea of what to expect on board easily?! So here it is! All the information all together in one convenient book. Inside: The light-hearted story of our journey and adventures to the wonderful world of ancient and modern Egypt Tips concerning key aspects of the trip Brief, simple and easy-to-digest histories of the temples and monuments we visited: Kom Ombo Temple, Philae Temple, Edfu Temple, The Valleys of the Kings and Queens, Habu Temple, The Colossi of Memnon, Karnak Complex, Luxor Temple and Aswan Details and descriptions of optional excursions On board and hotel menus to whet your appetite All about the all-inclusive hotel and its facilities in Hurghada (Titanic Beach) Packed full of colour photographs of the whole experience
