Photographer John Humble has lived in Los Angeles for thirty years. In that time he has created a strong body of work that captures the unique architecture and natural environment of Southern California. A Place in the Sun is a celebration of Humble's distinctive view of Los Angeles, from the concrete channels of the Los Angeles River to the instantly recognizable cityscape through which that river winds.

About the AuthorGordon Baldwin is a former associate curator of photographs at the Getty Museum, the author of In Focus: Eugne Atge and Looking at Photographs: A Guide to Technical Terms, and coauthor of Nadar/Warhol and Roger Fenton: Pasha and Bayadre (in the Getty Museum Studies on Art series).
