Larry Millett : AIA Guide to the Minneapolis Lake District before purchasing it in order to gage whether or not it would be worth my time, and all praised AIA Guide to the Minneapolis Lake District:

1 of 1 people found the following review helpful. Walking tours of the architecture of Lake of the Isles, Calhoun, and HarrietBy Michael A. DuvernoisThis is a great little book devoted to the architecture around the western lakes of Minneapolis. The photos are small, but perfectly acceptable to identify the buildings. Good walking tour suggestions. I'd highly recommend it to either the Minneapolis visitor or long-term resident. There's a lot of information in this thin book.

Let architect critic Larry Millett be your guide to some of the most picturesque areas in the Twin Cities, a treasure trove of architectural styles and storied homes. This guidebook will satisfy your cravings for details about the structures and the people who built them.AIA Guide to the Minneapolis Lake District includes walking tours of Lake Harriet, Lake Calhoun and Uptown, Lowry Hill, and Lake of the Isles.
