Federal Writers Project : Alabama: A Guide to the Deep South (American Guide Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Alabama: A Guide to the Deep South (American Guide Series):

During the Great Depression of the 1930s thousands of writers were hired by the Works Project Administration to create hundreds of guidebooks on all of the states in the U.S. These volumes that were produced became known as the American Guide Series.This series has been described as the biggest, fastest and most original research job in the history of the world.No library collection in Alabama would be complete without a copy of Alabama: A Guide To The Deep South.
