photography by Robert P. Falls Sr. : Alabama Impressions before purchasing it in order to gage whether or not it would be worth my time, and all praised Alabama Impressions:

Robert Falls has spent years touring Alabama, documenting its people, places, and wildlife - painting a picture of a state with a rich natural and cultural history. His artful and compelling photographs capture the character of Alabama, from its agricultural communities to its thriving cities, from its Civil War and civil rights history to its universities and museums of contemporary art, from its nature preserves with abundant wildlife to its U.S. revered Space and Rocket Center. Alabama Impressions is the perfect memento of a trip to this beautiful and varied state.

Falls has chosen picturesque scenes from throughout the state to show the beauty and personality of Alabama. It is rare to find such a classy book where every photograph is a masterpiece. "Alabama Impressions" would make a great gift not only for out-of-state visitors, but long-time Alabamians. This book is very reasonably priced. Judge for yourself-- for this book, seeing is believing. --Jean Brandeau, About.com Guide From the Inside Flap Robert Falls has spent years touring Alabama, documenting its people, places, and wildlife - painting a picture of a state with a rich natural and cultural history.
