John B. Thompson : Alaska As It Used To Was before purchasing it in order to gage whether or not it would be worth my time, and all praised Alaska As It Used To Was:

0 of 0 people found the following review helpful. Funny book. Bought it because the radio said not ...By Edward C. L. HommedieuFunny book. Bought it because the radio said not to.3 of 4 people found the following review helpful. So what if the title isn't grammatically correct?By MG McAnickAfter Jimmie Fallon knocked the title one night, I knew I

needed to read it. Interesting older book. Well described. I had no idea it was partly set in an Alaskan town where one of my best long term friends used to live. She'd never heard of the book, but will read it next. 83 of 91 people found the following review helpful. AMAZING!!!! By Susan Avallon This book literally changed my life. It goes into depth about Alaska and what it used to be. I had no idea about the culture and how different it used to be. It used to be so different. I really reflected on our society and how we need to change. We need to be what we used to be. We need to stop hating and love each other. We need to drive cleaner cars. We can change the world, we can save it from ourselves, we can be...as we used to be...

The following pages are primarily about taking you along with me as I introduce you to an Alaskan experience you will not find offered in brochures or travel folders. Rather than that you will be initiated into day by day adventures through entering into the realm of Alaska as a Cheechako (total greenhorn). It's only fitting, following this, that you shall emerge as a full-fledged and highly educated sourdough. So hop aboard and join me for thrills and adventure. I guarantee, you will become acquainted with and witness an Alaska you never imagined existed.
