you are in the initial stages of researching where you want to go, it is an excellent way to learn the basics. The reason I gave only 4 stars was because I wanted more recommendations on what to see and do. I was looking for guidance and not just descriptions. 5 of 5 people found the following review helpful. An Alaskan Cruise Ship Necessity By Ellen Mead I used this book when I went to Alaska, and I liked it so much that I bought it for two friends that were taking Alaskan cruises. It is informative, and a "must read" before cruising to Alaska. 0 of 0 people found the following review helpful.
