**Don Pitcher : Alaska-Yukon (Moon Alaska)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Alaska-Yukon (Moon Alaska):

4 of 4 people found the following review helpful. A great travel companion By Mom in Maine This book was very useful in my trip around south central Alaska. The content was up to date and specific and his reviews of the restaurants/lodging held true. As radio connections were sporadic, we took turns in reading the guide out loud as we traveled from one place to another. Not only was it very informative, but also Don's humor was a pleasant addition. Use other books for research, but bring this one along.
