**Murphy Daley : Alaskan Road Rules and Other Stories** before purchasing it in order to gage whether or not it would be worth my time, and all praised Alaskan Road Rules and Other Stories:

0 of 0 people found the following review helpful. Poignant, funnyBy J. BhattacharyaThis is a well-written and funny set of stories by Alaskan born Murphy Daley. Reading Murphy's stories makes me think of Alaska almost like a foreign country, but at the same time they bring on a sense of Proust-like nostalgia for my own youth. If I had any

substantive criticism of Murphy's book it is that it is too short. Road Rules left me wanting more. Full disclosure: Murphy is a friend of mine. I probably would not have known about her book if I did not know her personally (and I would have been poorer for it). That said, this is a neat book and well worth your time. 0 of 0 people found the following review helpful. I LOVED THIS BOOK. THE NEXT SANDRA CISNEROS! By mary jill raiguale I loved this little book!! In the tradition of Sandra Cisneros's House on Mango Street, Daley gives us insights into the issues that come from living in isolated Alaska. My only problem was I wanted more. I look forward to her next book of treasures. Jill Raiguale, MFT, author Alternative Healing Beyond Recovery for the Genius.

For the tourist, Alaska flicks by and is over when the vacation ends. For those who are from here, the view is a little different. The moose and the mountains, the vastness of the distance between us and anywhere else are the stuff of life. This short story collection-including two works of fiction-showcases the award-winning humor of Alaskan born author, Murphy Daley. Drawing on her early life in Alaska, Murphy's narrative voice takes the reader through the ordinary moments of life for an Alaska-which are anything but normal for most of America! These stories will linger in the readers' memory and put a refreshing contrast on everyday activities. Eating, driving, and even going to the farmers' market, will not be the same again.
