**Brendan Doherty : Albuquerque (City-Smart Albuquerque)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Albuquerque (City-Smart Albuquerque):

0 of 0 people found the following review helpful. Dated BookBy Giacomo and PattiHas a plethoraof information on this city. We are considering a relocation to this area and the book has many facts about the area. Very good overview

Albuquerque blends three distinct cultures - Native American, Latino, and Anglo - making it one of the most culturally rich cities in the country. This revised guidebook points out the most interesting natural sights, events, cultural institutions, and restaurants in the area.
