**Anne Dingus : All Hat and No Cattle: A Guide for New Texans and All the West of Us** before purchasing it in order to gage whether or not it would be worth my time, and all praised All Hat and No Cattle: A Guide for New Texans and All the West of Us:

0 of 0 people found the following review helpful. LOTS OF FUNBy Richard D. HutchisonThis is a book that will

spark a little conversation, spark a lot of sharing and spark a boatload of laughs. All Hat and No Cattle helps us to make fun of ourselves and realize that we just shouldn't take ourselves too seriously!3 of 3 people found the following review helpful. Charming book, would make a good giftBy StdPudelAll Hat and No Cattle is a broad introduction to Texas culture by a native guide. Anne Dingus does not have the cutting sarcasm of Molly Ivins, but this makes the book appealing to a broader audience. Texans will be able to read this book without feeling insulted, though perhaps gently ribbed. Non-Texans will have some laughs, and learn some too, since the book covers more than cowboys. As a non-Texan, I might have preferred a book that was more insulting to Texans, but that says more about me than the author. The only pain inflicted by All Hat and No Cattle will be from the puns, which are as bad as the author warns us. My favorite chapters were about Texan literature and music. I will definitely be exploring some of the range of selections presented.

Here is a look at Texas history and traditions through the eyes of Anne Dingus.
