Great Resource for Exploring the Twin Cities!By David GeisterI just spent the last 30 minutes looking through Megan Meuli's "Alphabet Adventures: Twin Cities Free and Frugal Fun", and I am most impressed.This book is very well organized and easy to use. Each selection has a physical address, website address, phone number and the hours open to the public, where applicable.I am happy to recommend this book to anyone who is looking for ways to introduce children (and adults) to the vast array of activities that can be found right here in the
