I wish there were detailed maps in there, from what i have seen, you have to buy them separately. But i guess it makes sense or you would have a stash of maps and it would be cumbersome to use... ?1 of 1 people found the following review helpful. Five StarsBy Suzanne H.Thank you!2 of 3 people found the following review helpful. My go to Sierra idea bookBy JonExcellent guide for this area. It's a real standout when it comes to variety and contents. So many trail options that are mapped out from Lake Tahoe to Yosemite and all the mountain acreage in between. No other book I've seen has so many choices and since I like to hike and fish it answers all my needs.
