a good addition to your local fishing library. Take this and start driving around in the off season to find your spots.0 of 0 people found the following review helpful. Just what I was looking for!By CustomerJust what I was looking for!0 of 1 people found the following review helpful. Great BookBy Susan J. LemeeI ordered this book for my husband for Christmas because we love to go fishing. It is a very informative book, we both enjoy it and are going to try out some of the lakes in the book. Also shows all about different kind of fish. Real nice book
