Jennifer Adach, Michael Martin : AMC's Best Day Hikes in the Shenandoah Valley: Four-Season Guide to 50 of the Best Trails From Harpers Ferry to Jefferson National Forest before purchasing it in order to gage whether or not it would be worth my time, and all praised AMC's Best Day Hikes in the Shenandoah Valley: Four-Season

Guide to 50 of the Best Trails From Harpers Ferry to Jefferson National Forest:

0 of 0 people found the following review helpful. great book. Has nice maps in the front and ...By Customergreat book. Has nice maps in the front and the hikes loop around. Only drawback is that the pics are black and white.2 of 3 people found the following review helpful. They are listed in a way that gives you a good idea as to whether they are in your comfort ...By CFisherI haven't attempted any of the hikes as described in the book yet, but I'm hoping to when possible. They are listed in a way that gives you a good idea as to whether they are in your comfort range and area. I'm very happy with this book since I've wanted to start hiking recreationally for several years.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat book! Very helpful and accurate!

Bounded on the east by the Blue Ridge Mountains and on the west by the Appalachians, the Shenandoah Valley is a region of exceptional natural beauty. This guide offers the best hikes that can be accomplished in the region in less than a day. Areas covered include Harper's Ferry, the North Virginia Piedmont, Shenandoah National Park, Jefferson National Forest, Massanutten, Great North Mountain, and the Alleghenies. Hikes range from easy saunters of a few miles with little elevation gain, to challenging treks of over 10 miles through rugged terrain. Bearing evocative names such as Raven Rocks and Sky Meadows, Riprap Hollow and Devil's Marbleyard, the hikes in this book will get readers fired up for a trek into the Shenandoah wilds.
