Michael Tougias, John S. Burk : AMC's Best Day Hikes near Boston, 2nd: Four-Season Guide to 60 of the Best Trails in Eastern Massachusetts before purchasing it in order to gage whether or not it would be worth my time, and all praised AMC's Best Day Hikes near Boston, 2nd: Four-Season Guide to 60 of the Best Trails in Eastern Massachusetts:

7 of 7 people found the following review helpful. Helpful but maps are too simple
By R. G. This book is helpful in orienting us towards good local areas for hikes, but once we found a location that worked for us, we will not need to use the book for that location. In fact, I will not rely on the book because the maps are too simple. They include the trail that is being written about and a few other trails, but leaves out other trails in both the map and description. This resulted in not being able to determine whether the junction we were looking at was the junction detailed in the book. Needless to say, we got lost many times, most of them minor. But when you're ready to go home, and you should have gotten to the trailhead 20 minutes ago, it's disconcerting to have to use a GPS to get back when you thought you had come prepared to navigate.

0 of 0 people found the following review helpful. This book was super informative and has given us some great smaller hikes ...
By Elizabeth I bought this as a present for my boyfriend, were big hikers. This book was super informative and has given us some great smaller hikes closer to home on weeks were not traveling for bigger mountains. We've even found parks/trails that neither of us have heard of before, even having grown up in the area.

2 of 2 people found the following review helpful. love this guide
By Andrea H I borrowed this guide from the local library and thought it was perfect for what I needed, perfect length info on each hike, how long, how difficult, exactly what I needed to find hikes for me and my boyfriend, myself and my mother, and me and my nieces and nephews. There is such a variety and really a perfect reference for details. I'd started by searching online with AMC as a member for activities and locations of local hikes (walks) and it gets tedious especially getting GPS coordinates, trail head locations, history, trail map, length, elevation etc. its all right there in this book. Buy it, it will be worth it.

Discover 60 of the best day hikes in the Boston area with this fully updated four-season guide from the Appalachian Mountain Club. Whether you are an outdoors person or visitor looking to explore the trails of the Greater Boston area and Cape Cod, this book is a must-have resource for shorter walks and day-long adventures. This new edition adds ten more hikes for beginner and intermediate hikers. From the barrier beach on Plum Island, to close-in hikes in the Middlesex Fells and Blue Hills, to quiet walks on the South Shore and Cape Cod, this guide offers a variety of trails for all ability levels and interests. An at-a-glance chart highlights the best hikes near public transportation, for kids, and for winter snowshoeing and skiing.
