From Amer Map Co : American Map Birmingham, Al Atlas before purchasing it in order to gage whether or not it would be worth my time, and all praised American Map Birmingham, Al Atlas:

0 of 0 people found the following review helpful. Birmingham, Al. Atlas By Helen Annette Very helpful in finding addresses that are not on the GPS yet. A great overview of the layout of the entire city.

Traveling is more than getting from Point A to Point B. It's having the ability to choose the best route, or change course at any moment. American map atlases put you in control by supplying the "big picture" as well as the details. Meticulously researched and continually updated.
