**From Adc the Map People : American Map New York City Long Island City** before purchasing it in order to gage whether or not it would be worth my time, and all praised American Map New York City Long Island City:

This New York City and Long Island map features points of interest, airports, camping facilities, parks, selected local attractions and more. State maps feature insets of major cities. Our city map offers additional detail, with depiction of streets on one side and a large scale metro area road map on the other.
