Much needed, but falls shortBy GskFnThe contents here are very thin, but it's the best on the market still, 17 years after publication. On one hike, I also found an erroneous page cross-reference. I wish for more,

but am glad to have this rather than not. The book needs to be paired with proper trail maps by NatGeo / Trails Illustrated, or the locally published older trail maps by Plinth, Quoin Cornice Associates.

Fifty well-planned excursions throughout the Park, with difficulty ratings, distances, and elevation changes as well as descriptions. Illustrated with photos and page maps. By Bruce Wadsworth. 128 pages. Softcover.
