**David Muench, Brian M. Fagan, Patrick O'Dowd : Ancient America** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ancient America:

0 of 0 people found the following review helpful. Four StarsBy Brian KellyA little more "used" than I expected.0 of 0 people found the following review helpful. beautifulBy TiFaWatSo lovely. I owned this book years ago and somehow it was misplaced in one of my moves. I remembered the beauty and impact of the photographs, so I ordered it again. Very glad that I did.1 of 4 people found the following review helpful. Master WorkBy Tom JonesMuench is the Master. This amazing book presents his vision of the Americas before the arrival of man. Stunning, masterful, etc. etc. Sure, I can pile on the adjectives, but simply stated, this is one of my favorite Muench books just because it is so uncompromised - not having to pander to a specific area, it is plain and simple magnificent nature.

Through 250 exquisite full-color and black-and-white photos, photographer David Muench presents a superb visual interpretation of what the North American continent was like before the arrival of Europeans. Printed on high-quality paper with excellent reproduction, this is a stunning collection that will appeal to photographers as well as nature lovers.
