**Ansel Adams : Ansel Adams 2013 Mini Wall Calendar** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ansel Adams 2013 Mini Wall Calendar:

0 of 0 people found the following review helpful. A little beauty for a small spaceBy Elite BodyWorksThe photographs in this calendar are beautiful as expected. Ansel Adams is a favorite. However, next time I would buy a bigger size. I would like to have his great pictures a little bigger :) . But if you need a little beauty in a very small space, this is perfect!0 of 0 people found the following review helpful. AwesomeBy Average JoeI love this small convenient calendar. It's compact and I love the black white nature fotos of A. Adams..... even though my Photography professor dislikes his work.1 of 1 people found the following review helpful. Always great calenderBy R. C. SulmonettiAlways love his photos. Beautiful look at our country and the exquisite natural beauty that once was. Look forward each year to new pics.

In 1941, the National Park Service hired Ansel Adams to photograph national parks and other western landscapes, with the goal of creating murals for the Department of the Interior building. Although this project was canceled in 1942 at the beginning of World War II, Adams compiled 226 stunning photographs during his work for the government. 12 of these images are presented in this 2013 mini wall calendar. Each photo was meticulously prepared by photographer and imaging expert Grant Collier in an effort to do justice to Adams images.

About the Author Ansel Adams was a visionary figure in photography and environmentalism. He is best known for his stunning black and white photographs of the American West.
