From Brand: Anthem Press : Anthem Guide to the Museums and Art Galleries of Europe before purchasing it in order to gauge whether or not it would be worth my time, and all praised Anthem Guide to the Museums and Art Galleries of Europe:

2 of 2 people found the following review helpful. To the point By J. Hallinan The book has color photos but it is not a picture book. The author gives accurate information including HOW to get to the museums and galleries (very

helpful!!!), pricing, hours of operation, highlights, and tips for how/what to see and when. Also lovely is languages in which tours are conducted information (all have tours in English). I have been to Europe a dozen times but this is the first time that I have bought a museum guide for an upcoming trip. The book is an easy read (I perused the whole thing in about an hour). I highly recommend it as a portable reference guide!
