Doug Wheat : Floater's Guide to Colorado (Falcon Guides Canoeing) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Floater's Guide to Colorado (Falcon Guides Canoeing):

0 of 0 people found the following review helpful. Four StarsBy jackieGood book.0 of 0 people found the following review helpful. An old book but there is nothing newer. Lots of great information.By C. BurnsThis is an old book (1983) but there has been nothing like it published since then. Some info may be outdated so beware but I can recommend it. It was available used for just under four bucks and 3.99 shipping and I consider it well worth the cost.0

of 0 people found the following review helpful. Five StarsBy Bruce R LibalExactly what I was looking for. Maps, stories and difficulty levels.

This unique and handy guide has proven to be the favorite of begging floaters and skilled river rats alike. Author and outfitter Doug Wheat combines ten years of research on the geology, wildlife, plantlife, and human adventure of Colorado's rivers with detailed maps, firsthand observations, and vital information such as water flow, government regulations, and river use patterns. The result is a thorough, readable guidebook that shares an expert's knowledge and passion on every page.

From the Back CoverOne of the first-ever Falcon Publishing title returns to print! Longtime guide Doug Wheat's descriptions of the state's rivers are filled with knowledge, humor and love. (296 pages, 6 x 9, photos and illustrations)
