Shelley Buck : Floating Point before purchasing it in order to gage whether or not it would be worth my time, and all praised Floating Point:

Imagine running away to sea without giving up your day job! In Floating Point, the author and her family seek to

shorten a daunting commute to Silicon Valley by moving to a boat. This travel memoir chronicles an experiment in simplicity lived beneath the radar of suburban life as the new owners of the Egret learn the ropes and are transformed by their life on the water. **JOIN THE ADVENTURE!**
