Helpful, clear, a bit surprising on the NUMBER of Florida's lighthouses, this handy foldable map definitely belongs in the map holder in your vehicle. Consider it a bucket list for both Floridians and those who want to return or check out some secrets of Florida.

By J. C. La Grow
This was a very useful tool in planning my trip to Florida. There was lots of detailed information about each lighthouse and it gave me a good perspective on distances between them. A bit unwieldy, it would be easier to use it on a wall.

The illustrated map and guide to ALL Florida lighthouses. Every standing and "lost" lighthouse in Florida is located on a detailed state map. Original watercolor illustrations of all 32 standing lighthouses. Reverse has history, description directions to each lighthouse; directories of maritime museums (located on map); lighthouse cruises, ferries sightseeing flights; intriguing true tales. Folded paper, 24x36in. For laminated poster version, enter 9781888216318 in search box. Similar maps available for Maine, Massachusetts Rhode Island, Mid-Atlantic (NJ, SE PA, DE, MD VA), Southeast (NC, SC GA) and Northwest (OR, WA AK); plus U.S. Lighthouses map directory. Search "Bella Terra Maps" on amazon.com to find them all.
