Daniel Berg : Florida Shipwrecks: The Divers Guide to Shipwrecks Around the State of Florida and the Florida Keys before purchasing it in order to gage whether or not it would be worth my time, and all praised Florida Shipwrecks: The Divers Guide to Shipwrecks Around the State of Florida and the Florida Keys:

0 of 1 people found the following review helpful. good infoBy emilio brunoyou could use the info when scuba diving

a lot to this book very detailed and useable info and location that would be suitable for a few good dives 17 of 18 people found the following review helpful. A good beginners guide By A Customer This book by two accomplished divers attempts the daunting task of guiding us through the myriad of Florida wrecks. The book is broken down by city or location and gives a history and a nice preview of the dive for each wreck. What is really great are the color photos, both above water and underwater shots. The only draw back to this book is the lack of exact wreck locations.

Shipwrecks are an important complement to the natural coral reefs as a sport diving attraction in Florida. From the barely discernable ballast piles of the 1733 fleet to the almost perfectly intact modern ships sunk specifically as artificial reefs throughout the state, shipwrecks inspire an aura of mystery and fascination. Florida Shipwrecks is the most comprehensive, accurate, illustrated collection of information, photographs, sketches and stories ever written about the shipwrecks around the state of Florida. This book contains a wealth of enlightening information that gives the readers a nostalgic glimpse into the history and present condition of over 235 shipwrecks. Florida Shipwrecks includes over 240 illustrations comprised of 151 color photos, 83 black and white historical images, 8 dynamic u/w sketches. Divers, snorkelers, marine historian, armchair sailor or anyone with a general interest in history diving or the sea will surely find this book fascinating, as well as indispensable.

About the Author Captain Daniel Berg is a P.A.D.I, Professional Association of Diving Instructors, Master Scuba Diver Trainer. He is a Specialty Instructor in Wreck Diving, Night Diving, Search and Recovery, Underwater Hunting, Deep Diving, Dry Suit Diving, U/W Metal Detecting, U/W Archeology, and has written his own nationally approved Specialties in Shipwreck Research and U/W Cinematography.
