Colby Sorrells : Flyfisher's Guide to the Texas Coast: Includes Light Tackle (Flyfisher's Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Flyfisher's Guide to the Texas Coast: Includes Light Tackle (Flyfisher's Guides):

2 of 2 people found the following review helpful. Great Guide, but DON'T BUY THE KINDLE EDITION! By Patrick The information in this book is excellent, and I would highly recommend it to anyone interested in fly fishing

the Texas Gulf Coast. That said, DO NOT BUY THE KINDLE EDITION. The Kindle edition of this book does not contain the maps promised by the description. I contacted the publisher about this omission, and they said that 's conversion process excludes the maps from the final product. He said they have complained but the problem persists. He recommended the Google books edition, as it does contain the maps. I understand that digital conversion of these sorts of titles is not perfect, but I find it very frustrating when what is promised by the description is not delivered. Again, I very highly recommend this book, but buy the paper or alternative digital version until starts providing maps with the kindle edition. 1 of 1 people found the following review helpful. Hardly any fly fishing information and of limited use. By Bobandy An ok general travel guide that tells you a very little about the bays. Some only get a sentence or two. Hardly useful for planning a trip. Very little information on fly fishing at all. A couple of pages at the end indicate that clousers, deceivers, and a handful of other patterns are useful, but that's it. No photos, no discussion of local patterns, not even a review of equipment. This book could have been written by almost anybody who's fished the Texas coast and owns a map. Ray Crawford's books are much better and infinitely more useful. 0 of 0 people found the following review helpful. Excellent. By Roninrus 1 Just what was needed. With quick delivery!

The Flyfisher's Guide to the Texas Gulf Coast is the definitive guide book on fishing the Texas Coast. Interest in fishing the gulf coast is exploding and the Flyfisher's Guide to the Texas Gulf Coast gives you all the information you need for success. Nationally known author and saltwater flyfisher, Colby Sorrells, covers every aspect of saltwater fishing for the entire Texas Coast. He covers the fish, the flies, light tackle, tactics, and the best seasons. Colby covers the entire coast in detail with information on each specific area. He lists the fly shops, outfitters, charter captains, marinas, accommodations, and much more. There are 60 detailed maps showing every bay, cove, harbor, reef, island, park, marina, and boat launch. There are also seasonal fishing charts showing the peak seasons for each species of fish. This book is essential reading for everyone who fishes the great Texas Gulf Coast.
