Fodor's : Fodor's Arizona 2004 (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fodor's Arizona 2004 (Travel Guide):

2 of 2 people found the following review helpful. Solid Guidebook for Arizona, lacks grand canyon info though
By Beach Lover
I used this guidebook for a short road trip to Arizona from Los Angeles. The book is well written and organized as most Fodor's books are. It lists the usual thorough list of hotels/restaurants, mileage distances from cities, histories and summaries of each cities as well. My only complaint for the book would be the fact that for most travelers the highlight of a trip to Arizona will be the Grand canyon. This book seems to lack a lot of detailed information about the grand canyon. If you're just planning to go to the grand canyon for a half day or so to view the canyon then the grand canyon info in this book is enough. However if you are planning to stay there for a few days and hike, camp, take a mule ride, etc, then I suggest also purchasing a grand canyon book to supplement the info in this book. Overall a great book full of useful information to plan and guide you through a vacation to arizona. However if you're looking for a lot of detailed information about the grand canyon then you might want to purchase an additional book solely for the grand canyon; such as lonely planet's grand canyon to supplement this book about Arizona.

From the vastness of the Grand Canyon to the thousand-foot-high walls of Canyon de Chelly to the myriad shapes and spires of Monument Valley to Sedona's red rocks- Arizona is a state marked by nature's beauty. Take time to absorb the calming lessons of the heat and the majestic landscape and a bit of Arizona will stay with you forever. Make sure to pack your Fodor's guide before you leave to ensure you don't miss a thing! The San Francisco Chronicle sums it up best: "Fodor's Gold Guides are saturated with information."- New two-color interiors make it easier to find the information you need.- Fodor's Choice ratings tell what not to miss.- Hotel and restaurant reviews cover all budgets.- New sign category flags the best budget options.- Multi-day itineraries help readers build the right trip for them.- Smart Travel Tips, a complete chapter packed with contacts and great advice.
