Fodor's : Fodor's Caribbean Ports of Call, 5th Edition: Where to Dine Shop and What to See and Do When You Go Ashore (Travel Guide)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fodor's Caribbean Ports of Call, 5th Edition: Where to Dine Shop and What to See and Do When You Go Ashore (Travel Guide):

7 of 30 people found the following review helpful. Incredible guideBy A CustomerYo soy de Mxico, este libro es de los mejores, adems contiene todo lo que uno requiere saber para cada uno de los puertos a donde llega el crucero. Estoy fascinado por los secretos y tips que vienen en el libro, porque son cosas que no estn contempladas en la naviera. Es un libro compacto, con la informacin necesaria para pasar unas vacaciones increíbles en una de las regiones ms importantes para el turismo de cruceros. Los invito a adquirir este libro antes de elegir el destino y el barco en el que habrn de viajar. Saludos desde MEXICO.

In the SPECIAL INTEREST series, this revised edition gives coverage of each of the 28 major ports of call in the region. With up-to-the-minute facts on most ships sailing these waters, it is easy to stay ahead of the changes in the cruise industry. There are 37 pages of detailed maps and charts.

Excerpt. Reprinted by permission. All rights reserved. You'll find bed-and-breakfasts in big houses with turrets and little houses with decks, in mansions by the water and cabins in the forest, not to mention structures of many sizes and shapes in between. BBs are run by people who were once lawyers and writers, homemakers and artists, nurses and architects, singers and businesspeople. Some BBs are just a room or two in a hospitable local's home; others are more like small inns. So there's an element of serendipity to every stay in an inn or BB. But while that's part of the pleasure of visiting these establishments, it's also an excellent reason to plan your travels with a good BB guide. The one you hold in your hands serves the purpose neatly. We think it's the best of its kind. All the establishments we've included promise a unique experience, a distinctive sense of time and place; each is a destination in itself, not just a place to rest your head at night but an integral part of a weekend escape. For that reason, we tell you not only about places to stay but they also about what's up in the area and what you should and shouldn't miss -- everything from historic sites and parks to antiques shops, boutiques, and the area's niftiest restaurants and nightspots. A Point of Pride It's a sad commentary on other BB guides today that we feel obliged to tell you that our writers did, in fact, visit every property in person, and that it is they, not the innkeepers, who wrote the reviews. No one paid a fee or promised to sell or promote the book in order to be included in it. (In fact, one of the most challenging parts of the work of a Fodor's writer is to persuade innkeepers and BB owners that he or she wants nothing more than a tour of the premises and the answers to a few questions!) Fodor's has no stake in anything but the truth. So trust us, the way you'd trust a knowledgeable, well-traveled friend.
