Fodor's : Fodor's Disneyland and Southern California with Kids, 9th Edition (Travel Guide) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fodor's Disneyland and Southern California with Kids, 9th Edition (Travel Guide):

1 of 1 people found the following review helpful. good infoBy fun in the sunThe information in the book was pretty good, however it is outdated, there are a few new attractions and/or rides at Disneyland/California Adventure that were

not listed. It would have been a real help if I had ordered the book in time for the actual trip - no fault to .1 of 3 people found the following review helpful. Great book for kids!By Mar BThis is a great book to buy for kids before they go to Disney World. It is colorful, fun book that has lots of great information and tips for kids. Some of the tips are from kids that have been to Disney World. It makes planning a Disney World vacation exciting for the kids too. They can go through the book and decide what attractions they want to go on when they get there and read all about the different parks. Once they've been to Disney World,there is a section in the book called Magical Memories that the kids can fill in their own favorite things; what their favorite ride was, their best meal,favorite restaurant,etc. I would recommend this book for 6 to 13 year olds.0 of 1 people found the following review helpful. Good BookBy Summer N. JohnsonThis was a great overall look at what every special ed teacher needs to know. It reviews laws, policy, and senerios. Good book! I used it to study for the WEST E, Washington state.
