**From Fodor's Travel Publications : Fodor's Eastern Central Europe [FODOR EASTERN CENTRAL EU-21E]** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fodor's Eastern Central Europe [FODOR EASTERN CENTRAL EU-21E]:

2 of 2 people found the following review helpful. Don't Leave home without a Fodor's guidebook.By Loraine OglesbyFodor's has exceeded my expectations yet again. Not only is the information pertinent, his 'Need a break' tidbits are perfect suggestions for sweet and savory snacks. Fodor's 'must-see' attractions are on a par with Rick Steves, only more options are included. Fodor's guidebooks, read in detail before a trip, enhance the experience greatly. Much as it hurts me to deface a book, I'll probably tear out or copy pages to take with me.0 of 0 people found the following review helpful. many transcription errorsBy Jay AltieriThe attractions map has a legend with numbers. the text giving info about the attractions references those numbers. However, none of the numbers jive. Much is scrambled so that it is very difficult to ascertain what attraction is where in the city.0 of 0 people found the following review helpful. Fodor's Central Eastern Europe Travel GuideBy GeneI got this travel guide along with Michelin maps. Fodor's guide along with the maps provide me with the information I need to travel between the various destinations, the places to see, the places to stay, and the places to eat. A real must for someone that has not traveled in the region the travel

guide provides coverage for.
