Great guide to the SouthBy Laura PetersI've been having to travel to the South occasionally on business, and find myself more and more fascinated with some of the locales I visit. The Fodor's book gives me good information about many of the places I'm most interested in and is a great guide to take along on my travels. I refer to the Fodor's guide constantly to find things to do and places to go and would never travel without it. Highly recommended.1 of 1 people found the following review helpful.
