By jenfen We spent a week in Boston with our 7 9 yr olds. We used this book to help guide us the whole time. My husband and I had never been to Boston before, so I read this book cover to cover before we went. While there I was able to easily pull it out and reference things I had already read about. It made getting around and seeing the sights much faster. We wasted very little time searching for things and asking directions.

By Madame Le Prof But this time, I found this book a bit difficult to follow so I didn't use it very much on my trip to Boston! I wish it was organized a bit differently and had better maps! Maps are very important when in Boston!

By Mikayla's Mom This book was helpful for our trip to Boston this summer. I probably could have just used the free AAA Boston book, but this one did have some good tips for exploring the city with children.
