purchasing it in order to gauge whether or not it would be worth my time, and all praised Fodor's In Focus Great Smoky Mountains National Park, 1st Edition (Travel Guide):

Good "summary book" for the pocketBy Catherine KovacsThis small (in size and content) book was delivered well ahead of time so I read it from cover to cover in anticipation of our vacation. The information gave an overall idea of the Great Smokies (Park) and surrounding area. After arriving we found we wanted/needed to know more which we found in other books, etc. It covers just about every aspect of a vacation - food, lodging, festivals, sports and activities, and more. No photos. Well worth the low price. I'm glad I bought it.0 of 1 people found the following review helpful. Okay...not much on my side of the SmokiesBy SnapplesI enjoy the book. Though it's tiny and I found limited information regarding the east side of the Smokies...that's where I am so I don't use it much. Shipping and product condition were terrific! Thanks!
