We planned a two day trip to New Orleans in conjunction with a cruise departing from that port. We found everything we needed in this book, as well as enough information for a one week tour of the city. Included was information about the condition of the streets which was helpful for our driving portion of the vacation.0 of 0 people

found the following review helpful. It's no FrommersBy A Write WordThis travel guide left a lot to be desired. They omitted some pretty important places, and their recommendations were not terribly clear. I ended up purchasing the Frommers Guide in addition to this one, was very pleased with it, and took that one with me on my trip instead.2 of 3 people found the following review helpful. The Fodor's guide has everything correct and down to which shops reopened when and how much damage was done in each area. A must have for your next trip to New Orleans.
