Good guide By jbird My family and I used this for our trip through New York. It was a helpful guide, although some of the addresses were incorrect and the admission prices were ALWAYS higher than what was listed, so that was kind of a bummer. It did have maps in the back and throughout each section of the state

and listed various things to do in each part of the state. It was very helpful when planning the trip and we had a wonderful time. 4 of 4 people found the following review helpful. Make your vacation wonderful
