couple of years ago and it was very valuable. The paper is a light grade so while the book is thick it is not heavy. If you are in a town of any decent size then there is info on what to eat, see, and where to stay. The maps are good and suggestions are too. I've read quite a few travel guides over the years and this series may be the best all around and best laid out of any of them. You might want to read more details before you leave but this is the one to carry along on the trip. I have not seen any new editions but I hope Fodor's continues with this series.

In Fodor's Road Guide USA you'll find everything you need for a great road trip -- whether you're going across the country or to a family reunion in the next state over. In this guide to Idaho, Montana, Nevada, Utah, and Wyoming, you'll find thousands of listings of things to see and do as well as hotels and restaurants in all price ranges in major cities, suburbs, small towns, and the countryside.
