From David McKay : Fodor's South America 1978 before purchasing it in order to gage whether or not it would be worth my time, and all praised Fodor's South America 1978:

Fodor's South America 1978 Created by Euguene Fodor. Robert C. Fisher Leslie Brown, editors. Published by David McKay, New York, 1978. A definitive handbook of the 13 nations of the New World's southern continent; 610 pages of text; map of the continent; city plans; archeological site plans; photographs and illustrations.
