Fodor's : Fodor's The Complete Guide to European Cruises (Travel Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fodor's The Complete Guide to European Cruises (Travel Guide):

12 of 13 people found the following review helpful. Really two books in one By Michael Gasperi About half of the book describes various cruise companies and their ships. Only good if you are starting a vacation from scratch and have no idea what cruise you are going to take. The other half is about ports. I really like the port information, because

it is geared just for cruisers. No useless information about hotels and nightlife that you don't need since you will be back on the ship. I actually cut the book in half so I wouldn't have to carry around so much. 0 of 0 people found the following review helpful. Three Stars By seajay probably could have received same info online 2 of 2 people found the following review helpful. Book is helpful in a general way but short on specifics. By One Cent This latest edition of Fodor's European cruise guide has a lot of general information covering lots of cruise lines and lots of ports but doesn't have enough relevant specifics. You can probably get much more useful information from internet searches.

Get the Scoop from a Cruising Insider. Fodor's relies on a cruising expert who knows the industry inside and out. Freshest Facts. You won't find a more up-to-date guide to the best European ports. Our writers seek out hot spots while verifying that current listings still meet our high standards. Travelers Like You. Get candid advice from fellow travelers at Fodors.com, and read their Word of Mouth tips throughout this book.
