A little more info please...By Michaela Durbinwhile this book (done in the style of the wonderful Tom Steinstra books) was helpful it lacked the descriptions and information that truly make a book of this type useful. we used the book while traveling in Idaho and Wyoming and it pointed out several spots. the ratings however were inconsistent with the sites we visited. some sites were rated 4 or 5 when they should have been a 7; others were rated at 5 when they should have been a 3. the book is obviously out of date but was the only book of this type we could find. there's a market niche out there just waiting to be filled!Foghorn Outdoors: Montana, Idaho, Wyoming Camping: The Complete Guide to more than 1200 Campgrounds0 of 0 people found the following review helpful. OUT of PRINT?By Trevor.utWe ordered this from a different vendor and they sent us a different book completely and said this one was out of print. Luckily we found this one on . It was in great condition and exactly what we wanted. I'm from WY was surprised at some of the camping spots they recommended. I would have thought they were too secluded to be included but sure enough they were there - and they are some of my favorites!! I highly recommend buying this book.0 of 0 people found the following review helpful. Guide to the westBy CharAgain, I had hoped for more information about the campgrounds and the areas we would be visiting. Maybe the newer edition will be better.

For outdoor enthusiasts who are always looking for new places and ways to take in the fresh air, who love to camp, hike, fish, boat, and bike, Foghorn Outdoors offers excursion guides that highlight a variety of adventures near and far.-- Includes a comprehensive compilation of campgrounds for tenters and RVers throughout these states-- Highlights the spectacular scenery and abundant wildlife-viewing possibilities in the region-- Includes in-depth information on campground facilities, reservation policies, and fees -- along with basic camping trips-- Features easy-to-use listings with accompanying maps, directions, and side-trip information-- Covers regional events such as rodeos, Native American celebrations, and local festivals and fairs-- Discusses all sorts of camping issues: forest safety, camping with kids, and guided camping tours-- Offers an extensive index and cross-referencing to aid in trip planning
