**Hillary Davis : Follow Me! Guide to Lower Manhattan** before purchasing it in order to gage whether or not it would be worth my time, and all praised Follow Me! Guide to Lower Manhattan:

3 of 3 people found the following review helpful. A kaleidoscope of informationBy A CustomerIt's a travel guide, yet there's a tremendous amount of fun in reading it because it covers facts that people don't know about and the author feels like a friend, a real person. It's definitely not like reading a normal travel guide with the phone book approach. This one is great reading, funny, and very personal. I never knew Lower Manhattan was the birthplace of America. And I am ashamed to say I never knew George Washington was innaugurated there. I had a great meal at Roy's and might have bypassed it without ever knowing. I read a lot about 9/11, but to read this perspective on it in the chapter

on visiting Ground Zero, I saw it in a different light, through the author's eyes and emotions, since she was there. It's all these personal things that make this guide so great. 2 of 2 people found the following review helpful. Thank you! By Evon I bought this book when I arrived in New York. I want to let people know that I used it when I went downtown and it was great, and when I got back to the Port Authority and had a few hours left before starting to go to my plane, I wanted to put my luggage somewhere safe. I saw Hillary Davis' telephone number inside her guide and called her. She was fantastic. She told me where to put my luggage to be safe for a few hours and made me feel better. What a nice lady. I couldn't believe she was there on the phone with me and giving me help and advice. She made my experience as a visitor to New York very special. 2 of 2 people found the following review helpful. Great Guide! By Ken Gerson Up to date, funny, entertaining: as a businessman visiting NYC downtown I picked up this guide and was surprised at how valuable and also how nice to read it was. I found my cigars pronto, tried Ms. Davis' suggestions of the John Allen Club and Golf World, and proceeded to also take her recommendation for where to dine, which turned out to be a super choice.

A multitude of walks are offered throughout historic Lower Manhattan as well as restaurant and shopping recommendations, making this, the only guide to Lower Manhattan, a joy for both visitors and armchair travelers alike.

".....you really don't know this place till you read this book." -- Regis Philbin, TV Host "A year later Peter Minit bought all 14,000 Manhattan acres from the local Indians....." -- Cindy Adams, New York Post Columnist "Hillary Davis has written an engaging, heartfelt and authoritative guide that captures the true essence of Lower Manhattan." -- Drew Nieporent, Restaurateur "I loved meeting you and wish you every success with your really terrific book!" -- Sandy Fenton, Everything that is America - everything we hold so dear, our freedoms....it was done right here in Lower Manhattan. -- Amy Zimmer, Voices Of Lower Manhattan, volumenyc.org, May 12, 2004 Hillary Davis' book has some great walking tours. She's given us plenty to drool over in her restaurant recommendations too. -- Books In , March 2004 From the Publisher There is no other guide dedicated completely to Lower Manhattan. But Lower Manhattan is where visitors want to come as soon as they unpack their bags. They want to see the Statue of Liberty, Ground Zero, Ellis Island, Wall Street, Chinatown....and so much more. This area has a special draw and meaning to a lot of the world. This is the oldest part of the city and one of the most treasured. It was the nation's first capitol. It is where George Washington was inaugurated as first President of the United States and where he and his small group of freedom fighters gathered in the streets and small attic offices to craft a new government based on democracy. From the Author "Having lived in Lower Manhattan and more recently having witnessed 9/11, I felt compelled to write this guide to celebrate the historical significance and vibrancy of the area. It has some of the best restaurants in the city, great shopping and sightseeing....no other place claims a place in people's hearts and minds all over the world the way this does."
