Ken Rossignol : Follow Titanic: A Marsha Danny Jones Thriller, Book 3 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Follow Titanic: A Marsha Danny Jones Thriller, Book 3:

3 of 3 people found the following review helpful. I'm inspired to read the entire series now By ZigiZI have enjoyed the author's previous works and am enjoying this book as well. It inspires me to read the series in order. I've taught graduate students for over a decade and advised (taught) them as second reader on Masters theses, so I've had some experience analyzing writing for clarity and content. I'm not sure why one reviewer is so harshly critical. I honestly didn't think the criticism was warranted. The author works harder than the average kindle author to correct any mistakes, even solicits reader feedback to improve book covers. His writing style is very vivid and honest. His novels resonate with authenticity. I will continue to read his books. 2 of 2 people found the following review helpful. A great continuation of the action and exploits of our favorite ocean going protectors. By PastorSteveUS While the storyline was predictable. The characters were interesting, I love the Action and the author has a way of inserting historical information in such a way that it flows and melds with the fiction. Sadly, I like many other excited readers am left wanting more. The subjects he skillfully weaves into his stories are revisited throughout the series allowing for a meeting with characters I see as old friends. I can't wait to find out what happens in the next book. It is a little off putting to switch between Marsha and Danny's point of view as if you have read the previous books in the series you already kind of know how they are thinking. I personally think that he could probably write about any subject in relation to Cruises and it would be thoroughly researched accurate and Intriguing. 4 of 4 people found the following review helpful. Easy read, no challenge, dialogue not natural, lite mystery By CJD2 easy read, not a great mystery,

good to go to sleep to. Story is OK - ends very quickly, but he uses some history/facts for interest. My biggest challenge is the style he uses to write dialogue it is just not natural - almost like he is writing a movie script dialogue. His books based on factual events are good and appear to be well researched. As a novelist he has a way to go except if you are looking for an easy read as stated before these books are ok

The Sea Empress sets sail from Southampton on a trans-Atlantic cruise and two large storms force the ship to divert to a northern crossing. The Joan of Arc has just left the port with a ship full of thrill-seekers who are following the voyage of the Titanic 100 years after that disaster. On board the Sea Empress once again are Marsha and Danny Jones, husband and wife team providing executive protection to the ship and her passengers. What could go wrong? This audiobook weaves in a modern day thriller with one of the most chilling tales of the 20th century! Included with the latest voyage of Marsha and Danny Jones are a Supreme Court nominee, a bomb and Mexican drug cartel killers! Lots of action packed in a quick listen!
