Great way for her to get to know the city and all it has to offer. 0 of 0 people found the following review helpful. Excellent suggestions By Steve K. Oliver II We used this book on our last trip to San Diego. It has excellent suggestions in all price ranges. We visited Hodad's and Mona Lisa Italian Market based on this book's suggestions, and both were great. This book also has nice summaries of each neighborhood. These were very useful as I had not been to San Diego in a long time. This book does not have color pictures or illustrations.

That was fine for me. 0 of 0 people found the following review helpful. Fun and useful book By ChrisInSDFun and useful book! We have tried a few of these places and will check out more. I just need to remember to consult it instead of Yelp. Like any book it will become stale as these places go out of business/change.
