Great Resource!By MaryAnne CohenThe Food Lovers' Guide to the Hudson Valley tells us everything there is to know about the restaurants, farm markets, cafes, wineries and specialty shops all along the Hudson Valley and its six counties. Author Sheila Buff is a great companion on this journey as she has organized this information into an accessible, fun, and informative book. She also includes some interesting history - who knew the Hudson Valley is the oldest wine making region in the country?As a part-time inhabitant of Columbia County, I appreciate learning about great places to eat and shop on the drive up to my country home and the surrounding areas. This book will make a great and inexpensive Christmas gift for my neighbors and friends. It's a cornucopia of wonderful suggestions.0 of 1 people found the following review helpful.
