John Tunney : Four Seasons of Cape Cod before purchasing it in order to gauge whether or not it would be worth my time, and all praised Four Seasons of Cape Cod:

0 of 0 people found the following review helpful. ... ago and just as the author of this most beautiful book didBy Martin SpieldockI visited Cape Cod for the first time about 4 years ago and just as the author of this most beautiful book did, I fell in love. One of my other loves is photography. My father was an excellent professional photographer so it was always in my life. I think that I know great photography when I see it and this book has some wonderful photography. Many of the photos are so beautiful that they look like paintings.This book lets someone like me who yearns to see the Cape during all of the seasons see all the seasons beautifully photographed through Mr. Tunney's eyes. A wonderful collection. Thanks so much John.0 of 0 people found the following review helpful. Beauty of cape cod.By Shirley FarringtonWonderful book. Beautiful photography of a beautiful l place. Hope to buy more for gifts.0 of 0 people found the following review helpful. Five StarsBy CustomerMy nephew's book

Each season paints Cape Cod with a unique palette of light and color. Winter's low sun casts long shadows and reveals the muted tones that cover windswept dunes and empty harbors. Spring starts with a hard light, but soon brings splashes of bright color as flowers emerge and the landscape comes back to life. Summer's rich, vibrant colors are followed by autumn's softer and warmer tones. Photographer John Tunney has created the first book to focus on the beauty of the Cape's different seasons. With 170 photographs of beaches, dunes, harbors, wildlife and people, this beautiful book captures the shifting light, colors and moods of Cape Cod - from Falmouth to Provincetown - throughout the year.

About the AuthorJohn Tunney is fine-art photographer based on Cape Cod. A frequent exhibitor in art shows and festivals, his work has met with popular and critical success. In addition, John leads photography classes, workshops, and tours.
